

## **A Prayer for Mothers**

Today, let us pray for mothers  
Thank you for all those that envelop us  
With every fibre of their heart  
Who rise each day anew to nurture  
Not just their own, but someone else's child  
Thank you for giving us all women  
For their strength, and patience and intuition  
Help us treasure every mother in our lives  
Offer hope to all those who are longing  
Give rest to all those who are weary  
Embrace all those who have lost  
And ponder them in our hearts  
Amen
